Ergo pillow aims to increase your well-being.

The Ergonomic Pillow

Its Energex HD foam and its unique shape are designed to relieve joints and stress points in the body.

It can be used in different contexts, at home, during a trip, at the beach, in your hammock, on a picnic, at Yoga or even at work.

In a car, or at the office, the ergonomic pillow can be placed in the back of the seat to relieve lumbar and back pain.

In bed, it relieves cervical and back muscle tension during sleep.

Ergo pillow is **positioned under the neck**, offers perfect alignment of the spine and will make your naps, moments of relaxation and your sleep much more comfortable.

With its size of 19*29*6 cm it fits in your handbag, tote bag and other luggage to **always have handy!**
